

INDONESIA INTERNATIONAL CANCER CONFERENCE

**Bridging North and South in Accelerating
Cancer Control Advancement**

**03-05 October 2024
Bali - Indonesia**

ABOUT IICC 2024

The Indonesia International Cancer Conference (IICC) is a global forum convened to address the pressing issue of inadequate and inequitable access to cancer care in low- and middle-income countries.

Recognizing the rapid advancements in cancer treatment and prevention, the IICC brings together a diverse assembly of international and national experts to collaborate on innovative solutions.

Through knowledge sharing, partnership building, and technology transfer, the conference aims to enhance cancer-control efforts worldwide.

A Java Jazz Event on Health

MAIN OBJECTIVE

To bring together leading International academic scientist, research, and practitioners to exchange and share their experiences and research result on cancer

Bali Nusa Dua Convention Center (BNDCC)
